About the company

Isfahan Glass Ind. (IGI) has been established as a manufacturing company in 1982.However, it was not began its production of Glass-Tableware items since 1999 in Iran.Just 6 months from the start of its initial production, IGI has launched producing of Toughened Glass-Tableware products and strongly became the pioneer of such articles across the country and then soon proved to be one of the key-role players into Glass industry of Iran.

Isfahan Glass factory is placed in Dowlatabad Industrial Town just outside the beautiful and historical city of Isfahan in central region of Iran. The production unit within the plant includes two furnaces along with a melting capacity of 120 metric tons per day and nine production lines all but one of these using "Pressing Production Method" finely.

The factory employs the most developed technology in the world glass industry and uses some of the most common modern equipment, techniques plus machinery provided by the global well-known suppliers in this field of business activity from of Glass-Tableware products in Iran and into the Middle East region, as well.

Adding to this, recruiting talented, well-motivated and highly qualified personnel has been played the major role into making IGI items a well-established brand for which every Iranian family needs and respect it deeply.

As a result, with respect to Well-Trained Export Sales & Marketing Team, High Quality & Reasonable Pricing of the products as well as Satisfactory Customer Service approach toward its global customers – Isfahan Glass Ind. (IGI) as a top leading Company in this field has been successfully managed to open up international target markets over its products alongside of other Glass-Tableware prominent competitors to Asia, CIS Countries, Middle East, Persian Gulf markets, Europe, Africa and South American Countries.
